

RESIDENTIAL & COMMERCIAL ELECTRICAL SERVICES

At Molen Services, we provide top-quality electrical solutions for both residential and commercial customers across Nova Scotia. Whether you're upgrading your electrical system, installing energy-efficient lighting, or integrating solar and battery storage, our expert electricians deliver reliable, safe, and efficient services tailored to your needs.

OUR ELECTRICAL SERVICES

SERVICE UPGRADES

Upgrade your electrical system to handle modern power demands. Whether it's increasing panel capacity or upgrading wiring, we ensure your home or business stays safe and efficient.

EV CHARGING STATIONS

Power up at home or work with a Level 1,2 or 3 EV charger installation. We provide turnkey solutions for homeowners and businesses looking to support electric vehicles.

LIGHTING SOLUTIONS

From LED retrofits to custom lighting installations, we enhance energy efficiency, reduce costs, and improve aesthetics for both residential and commercial properties.

ELECTRICAL RETROFITS

Improve energy efficiency and compliance with electrical retrofits for older buildings. We modernize systems to meet current safety standards and reduce energy consumption.

SOLAR ENERGY SOLUTIONS

Harness the power of the sun with custom solar panel installations. We provide grid-tied, and hybrid solar solutions to help you reduce energy costs and lower your carbon footprint.

BACKUP POWER – BATTERY STORAGE & GENERATORS

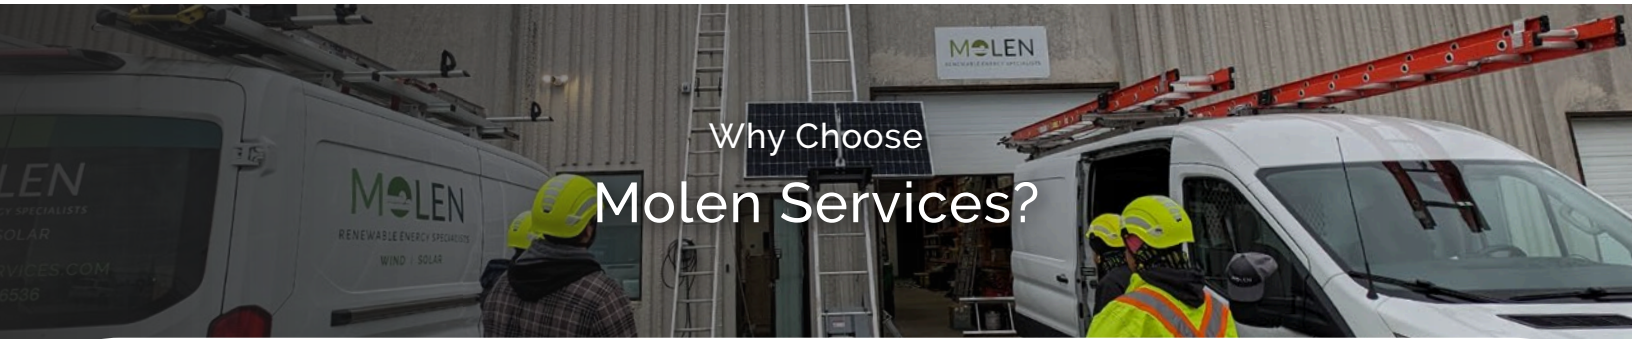

Stay powered during outages with battery storage systems and backup generators. Whether for residential homes or commercial facilities, we install reliable solutions to keep your power running when you need it most.

NEW CONSTRUCTION ELECTRICAL

Building a new home or commercial space? We provide full-service electrical installations, from wiring and panel setup to smart home integration and lighting design.

ELECTRICAL SERVICE & REPAIRS

From troubleshooting power issues to repairing faulty wiring and outlets, our electricians provide fast and reliable service calls to keep your electrical system running smoothly.

Why Choose Molen Services?

Licensed & Certified Electricians
Ensuring safe, high-quality work every time.

Custom Electrical Solutions
Designed to meet your specific needs and budget.

Reliable & Responsive
Fast, professional service for homes and businesses across Nova Scotia.

Energy-Efficient Solutions
Helping you save on energy costs with modern upgrades.

Whether you need a simple repair, major upgrade, or complete electrical installation, Molen Services is your trusted partner for electrical solutions in Nova Scotia.

WHAT OUR CLIENTS ARE SAYING ABOUT US

Reviews from Google Business

Great service and easy to work with! We used them for an electrical upgrade then later a solar system. They were very patient while the kinks were worked out with the new Greener Home Loan program. Highly recommend!

— KG

Absolutely no issues. Great service and system was exactly what I requested. Highly recommend.

— DB

Dealing with Molen was a pleasure. I was happy with their proposal and price. Everyone we had contact with was professional, knowledgeable, polite, and helpful.

— AH

Your solar project deserves proven expertise. Contact Molen today to see how we can add value from day one!
